

Letter from "Caroline & The Priority," our 2016 Grand Champions, accompanied by their \$450 cash prize being donated back to the Bitter Jester Foundation for the Arts.

This band was formed from two bands ("Xazz" from Highland Park and "PROFUSION" from Bartlett) that met at the 2015 Bitter Jester Music Festival.

To Nic and the Bitter Jester Crew,

Thank you for all of the amazing opportunities and experiences you have given all of us over the past years. We cannot express how much we appreciate your dedication to the arts and your efforts to expose musical talent of all different genres and ages through all of the events you have professionally created or connected us too. We cannot thank you all enough for the countless hours of passion driven selfless hard work.

Please feel free to use our token of appreciation wherever it can be best utilized.

Sincerely,

Caroline & The Priority
