GENERAL NOTES:

- 1) Vinyl banners MUST* have wind slits cut into them or they cannot be hung on the stage.
- 2) Banners can also be made from blow-through mesh material, which does not require wind slits.
- 3) Top Banners are recommended to be vinyl for better readability.
- 4) Bottom Banner should be vinyl only *and does NOT require wind slits.
- 5) All banners MUST be hemmed and grommeted at 12 inch intervals.
- 6) Client is responsible for hanging and removing banners in coordination with Bitter Jester Crew. Any assistance with installation or removal given by Bitter Jester crew will be as a courtesy.
